Marienturm

The Marienturm is a 155-meter-tall skyscraper that was built in the banking district of Frankfurt am Main in 2019. It is part of the Marieninsel project, which also includes a 40-meter-tall office building on Mainzer Landstrasse named the Marienforum.

Facts

Area	Architecture
Location	Frankfurt am Main, DE
Year of manufacture	2019
Architect	Müller Reimann Architekten Berlin

Details

Across 57,400 square meters of rental space, numerous offices, several retail spaces, restaurants, a gym, and a daycare center were created. There is also a publicly accessible square between the Marienturm (38 stories) and the Marienforum (10 stories). The design was drawn up by the architectural firm Müller Reimann Architekten, and the building complex was developed by Pecan Development.
